Skills

Academia

Common Skill

Group: Education

Generic book knowledge. It applies on many subjects which are not already part of a Lore skill. Usually, without the corresponding Lore for a given topic, a roll can be done with INT+Academia against a DV+5. The DV can sometimes be at DV+10 if it doesn't fall under the specifics of the corresponding Lore skill.

Dogma *

Common Skill

Root Skill

Group: Spirituality

The root skill of everything spiritual in the Fading Suns universe. If someone believe something, it should be in the list. Everything noted as pre reflective means before the Prophet saw the Holy Flame, and is usually considered as mundane folklore.

Specialities:

- *Church of the Celestial Sun*
- *Kurgan El-Diin*
- *Manja*
- *Obun Bintaru*
- *Obun Voavenlohnjun*
- *Omega Gospels*

- *Pre reflective Astrology*: The knowledge of the fate of people according to the position of the stars on Holy Terra at birth. The most open minded of scholars might say it works only if you're born on Holy Terra, as each system has its own star maps. Still a really appreciated subject to discuss about among Hawkwood ladies circles.

- *Pre reflective Buddhism*
- *Sathraism*

- *Stellar Apocryphon*: This version of the Omega Gospel, that was lost for a long time, was found in about a dozen version during the Regency. When officially sanctioned by the Church, through a tremendous work from the Eskatonic Order to have the leading instances to change their mind, the book became a favorite to some sects, like Sanctuary Aeon and the Eskatonic. The main difference with the Omega Gospels, that are supposed to be written by St. Horatius, the Apocryphon is supposed to have been written by the obun Ven Loji under dictation from St. Horatius. According to historical notes, with the blindness of St. Horatius from grand age coming quickly after the death of the Prophet and the beginning of the redaction of the Omega Gospels, chances are the Apocryphon might be a more relevant source. Do not talk about this with an Orthodox.

- *Symbiot Lifeweb*: Reminder: if your character knows about this, it has just become an NPC. Thank you for your cooperation. Please go back at the beginning of this document to create a new character.

Linguistics *

Common Skill

Root Skill

Standard attribute: PRE, INT

Group: Social

The knowledge of a vernacular, racial or foreign language.

- Rank 1: a basic understanding of the language in its oral form.

- Rank 2: the ability to read and basically write the language.

- Rank 3: the ability to use the language with correct syntax and semantic.

- Rank 4: the ability to read and write with most of the subtilty provided by the language.

- Rank 5: the ability to produce and appreciate the richest idioms of the language.

- Rank 6 and higher: for language enthousiasts and dillettantes.

The root value stacks with each speciality value when a roll is needed.

Only the speciality value counts for levels considerations.

Specialities:

Lifepaths

All characters are build in dP around an historical approach: each step gives the characters a certain number of attributes, skills and other points. A few of them are custom steps that allow customization.

The standard construction of a character is:

- One Birthright matching to her species (140pts)
- Upbringing (20pts or in two parts with 15 + 5 pts)
- Apprenticeship (25 pts)
- Early Career (48 pts)
- Some Tours of duty (20 pts each, a begining PC has two of them)
- Worldly Benefits (7 pts)
