7.1.1 Peculiar Pieces

Challenge 1

Gossiping

During the week end, it is possible to use the gaps between the session to gossip about a particular piece. A player has to work for a few hours to influence the global behavior of the audience.

A roll can be done every **15 minutes**. Sum up the total margins before the session start to see how the action was. **10 margin gives a 1 gossip influence**.

The rolls:

- PRE knavery DV 15
- INT Persuasion DV 15
- TEM Forgery DV 10
- PRE Arts DV 15
- PRE Art(specialty) DV 5 with the specialty in the domain.

Observation Round

This is a ritual that takes place between two sessions and prior to the first. everybody has the opportunity to have a look at the pieces that are going to be sold. No one can touch a piece, and the preservation distance is of one meter. There is a rope tight at that distance to prevent people from going to close anyway. Lasers sensors are however there (TECH+sensor DV 20 or DV 15 with relevant device).

Yakuza

There are four scrawlers sent to the auction by the **Hakura Sakomi: Yoko Uzen***, **Babo Ido**, **Tareka Ozama*** and **Kudoshi Sakuya***.

Their goal is not to intervene, but to lurk around **Floyd Carnau** to see what the **Van Dykes** are here for.

Kudoshi will intervene during the auction to check where the Van Dykes want to go and what kind of Pieces they will acquire.

They will not hesitate to run preventive attacks on minor allies if they think there's a need to set boundaries.

The Hakura Sakomi, if they feel the need to demonstrate their power, will try to go harsh with the players helps. This can happen on **Derik Bradshaw**, **Tobias Frosth***, **Marzis Dabrez** or even **Fergus Rouge**.

...

It becomes obvious that someone told about the **Tiresius Fields** to the **Hakura Sakomi**. And this cannot come from the **Van Dykes** as nobody is yet aware.

This modern statue (4977 AD) represents a man pray in front of an altar. The man wears only pants and his whole chest and arms bears tattoos. He seems like an ukari repenting in front of the Pancreator, event if the physionomy of the character is too much human-like (the skull is absolutely not the of the obun/ukar shape). Most people thinks it's about the poor talent of the author (Urban Kassedra). This statue 3 feet high statue has changed owner about 50 times since 4981 AD (the death of Kassedra).

Notes:

The statue is representing an urthish man. When looking farther, his tattoos are not baa'mon but stylized letters forming sentences all around it's body in latin. Spending a few weeks on the pieces will provide the true path to path to Master Kizé Ando, the last master of the Cloaking path.

Notes:

This robot head still contains part of a operational pygmallium brain. If properly repaired, it shows a spark of consciousness and most of all, it can act as a special device able to store up to three jump routes. It only has to be plugged to a ship sentiant and the robot, named Magellan, will store jumproutes on demand.

An interesting sculpture showing a kneeling hugging couple. The male is the one stuck to the base, but the feminine character is floating in his arms. It seems that the pieces have been made of the same block but the girl has been magnetized afterward. It seems to be a bronze scene at 1:1 scale.

Notes:

The center of the feminine statue is a real repulsive magnet. It's a prowess per se to build such a piece of art, but nothing more.

The book is sacred. No demon can attack its holder. It was written with a very stable ink containing mineral and organic elements. The DNA of the organic parts is unknown. The book contains a myth about rampart, that technology has made the Red Screamer appear in Rio Azul. However, with the K incident the Pancreator has sent Saureyas to help humanity on Rampart. Men managed to restrain the Screamer from this world, but to do this needed Saureyas to use a big part of his power. Now the Sephiroth can only exist through a pure heart. Saureyas can only appear when going at 0.5 AU from a sun.

Forbidden Love

A very interesting situation during the the week end at Sleeves is that opportunity to note that Lady **Deborah Sterling Hawkwood*** is meeting her paramour, the famous **Orlando Suarez de Hazat***.

And Politics

Yes, this can be preposterous, has **Artus de Glam** is waiting for this event since the very beginnning three years ago. He considers this behavior some sort of treason, not to the husband **Casper Sterling Hawkwood**, but to the emperor himself that has put a lot of faith in Orlando by making him one of the Phoenix Guard.

To avoid any problem, Deborah's entourage is here to stand and watch. **Cecilia Aliento** will stand at amost all times with her mistress, when **Christie Varlanof** will ensure any auction to show an active front to the public, with the support of **Valerius Van de Broeke***.

If Artus discovers something, he could ask for the assistance of **Uther Cyprian Hawkwood** that would try to get some reason from his friend. Orlando could easily burst in anger (this is the only topic that would provoke this), but Uther would at all cost avoid to fight his brother-in-arms.

Ignacio Rolas de Hazat, Orlando's best friend, will stand on Uther position if he can.

If the affair between the two paramours goes beyond Sleeves, Orlando would be tagged easily by the Emperor's enemies. Artus thinks the best for the crown is to have him die here.

A complete spaceship with a plasma gun. This is an old model of heavy bomber of House D'Rouge-Glace. The gun is no longer working.

Notes:

On the ship is hidden a jumpkey from Grail to the lost world Verona. It's actually hidden on the exterior of the ship, deep inside the plasma gun. This is what prevent the gun from working.

Description:

An ancient but very well preserved Van Gelder cutlass, a sort of partly curved rapier. The sigil on the base of the blade, approximately 1cm diameter is a true mark from master swordsmith Piotr Kenan. This is the original. This weapon was used by the infamous Gerald Van Gelder five centuries ago, and it used it to kill more than 665 decados nobles with it, so the legend tells. During his last battle, he decided to show mercy to his last prey that killed in the back. Radik Decados kept the blade, but committed suicide with that same blade a few weeks later.

Notes:

The sword is cursed. The new owner of this blade will be the subject of strange dreams about sword fighting, hearing a voice in the background apparently reading rules of fencing (the voice is Gerald's). After each dream, check TEM+Stoic Mind vs DV 20. If failed, a random SPIRIT attribute point is lost. If passed, a melee point is earned and a fencing technique is discovered. There can be up to 10 dreams.

The Agathis (Valentius Legacy)

Soul shard

Tech Level: 9

Cost: Not for sale

Description: A sphere of metal, approximately the size of a tennis ball. Its weight and the metal it is actually is unsure, and can vary according to its state.

Traits:

- **Reflective Attunement:** can be attuned to any reflective surface, making it dormant as it will lose its physical form.
- **Tabernacle:** Can store up to 30 wyrd points. It recovers wyrd when exposed to the light of a star (for instance direct sunlight, 1 point per minute). It will become dormant (whatever wyrd it contains) after 1 hour in total darkness, except if attuned to a soul if an attunement check is made DV 40 minus the amount of wyrd in the Agathis.

- **Soul attunement:** A sentient creature can willingly attune to the Agathis. To do so, she must concentrate for a few minutes and make an attunement check, which is TEM + Stoic Mind DV 20. One must touch the Agathis to tap wyrd points. This can be done by anybody when it is dormant, only by the bonded avatar (who can activate this property and touch another person).

- **Light of the Pancreator:** the color of the Agathis changes according to the people in its close vicinity (5 meters radius). It becomes golden among friends, rusted with enemies.

- **Soul Cleanse:** The Agathis can be used to cure stains of the soul (Urge & Hubris). It takes 10 pts of wyrd from the tabernacle to get one point of urge/hubris. It inflicts x points of trauma damage for each point of wyrd it goes below 0. It will never go up to kill the subject

- Can reveal the Truth around the avatar that touches it (5 wyrd).
- Prevents from Sathra effect if exposed to it (500m radius)
- Always at 20 Celsius degrees (5 m radius).

7.4 The Aftermath

Challenge 17

7.4.1 New Relic

Challenge 1

Katana Ashoka

Karzen Oshi

Rendez-vous Trudeau

7.4.2 Dead Uncle

Place	Rampart / Avaneir / Lion Borrough / Masseri Manse
Date	LiRA 5018-05-19
Challenge	5
Anchor	Floyd Carnau / Calistre d'Igneden

Late at night, **Fenton Hardin** comes at Rosetta to visit **Fergus Rouge**. The man seems to be really preoccupied, and there's a very good reason to that: his cousin, **Giorgio Masseri** has been killed, poisoned.

He came by tonight to have dinner with his parent, and when he and **Alina Lecci**, the young servant reached the salon where giorgio was waiting for him, they found his body dead on his favorite chair.

None of the items earned from Sleeves, if any, are missing. Fenton has called for the authorities, and after they came and asked him about his whereabouts, he came directly to find his friend, badly feeling the need to talk.

Giorgio Masseri has been killed by **Eva Lise Decados***. There are not that many hints about that, except a finger print on a bottle and a second glass on a table that leads to think the killer was a woman Giorgio knew.

She used the window of the room recently prepared for Fenton to minimize her efforts.

The Mantis and the Star

There is one thing that Eva Lise wants from Giorgio: his ☰Manticore ☱

The Legacy

Giorgio was not that close to his family. He barely knew Fenton, and has a few encounters with **Clara Masseri***. He was genuinely fond of them, but the distance between his calm and the rage of Clara, especially on the subject of the future of the House always kept a rift between them.

He knew he won't escape Eva-Lise, so he put into motion a way to achieve a long term association he had with **Bertram Van Gelder**. Thus, he sold most of his assets, except his house, to try to buy Gerald Van Gelder Cutlass, for an exchange with Bertram: the last jumpkey to the lost world of Verona, once the land of the Masseri. He wrote a letter to Clara after the auction, containing a chip with enough to understand to contact Bertram. The last one, knowing about the issue of the auction, has planned to come to visit Giorgio anyway.

Notes

- Only a few people, among whom Clara, know that Giorgio has his right eye cybernetically improved to record video.

7.4.5 Avaneir By Night

Place	Rampart / Avaneir / Métier IV / Spring Street
Date	LiRA 5018-06 (first week)
Challenge	5
Anchor	Floyd Carnau

This back alley is also called **Cyberpsycho Row** by the local scravers.

It's a long scar going all along Métier IV. Built on former irrigation channels, it's a little below sea level, and sometimes a gentle stream flood the entire channel up to 1 foot. That's the reason why only muddy people come there at night.

Is that metal you are looking for...

Brennick Williamson is one of those. This thug is well known in the neighborhood, and his business helped him to keep a solid reputation with cyborgs and cops alike.

Narrative

Very famous poet from Rampart, Avaneir. He authored close to twenty five plays and three volumes of poetry. Hated by House Li Halan for his Republican ideals and a certain taste of romanticism close to luxury according to their strict beliefs.

Has better relations with the Métier than he has with House D'Rouge-Glace, however it is widely known that Lady Mireille is a true amateur of his work.
